General Regulations

Access –

- **Private Land Access** – Montana law requires permission for all hunting on private land. Even if the land is not posted, hunters must have permission from the landowner, lessee, or their agent before hunting on private property. Landowners may grant permission face-to-face, over the phone, in writing, or by posting signs that explain the type of hunting allowed—game species or sex—and under what conditions. Visit FWP's website for the Interactive Hunt Planner or visit nris.mt.gov/gis for assistance with land ownership.
- **Railroad Access** – Railroad right-of-ways are private property and may not be hunted without permission.
- **State School Trust Lands** –
 - This \$2 fee is paid when you purchase your conservation license and it provides hunters, anglers and trappers access to legally accessible State School Trust Lands.
 - Overnight (2 night) camping is allowed within 200 feet of a legal access point.
 - Horses may not be kept on state land overnight.
 - Motorized travel is only allowed on public roads or on roads designated as open.
 - Game retrieval is by foot or horse only.

- No open fires are allowed except in designated campgrounds.
- Firearms may not be discharged within one-quarter mile of an inhabited dwelling or outbuilding without permission of the inhabitant.
- Additional information is available from FWP or contact DNRC at 406-444-2074.
- **Tribal Land** – Unless permitted by a State-Tribal cooperative agreement, non-member hunting within the exterior boundaries of Indian reservations is prohibited except as authorized by law. Deeded land within the exterior boundary of the Crow Reservation is open to hunting with a State of Montana Turkey license.

Check Stations – All hunters are required to stop as directed at all designated check stations on their way to and from hunting and fishing areas, even if they have no game or fish to be checked. It is unlawful to avoid game checking stations, FWP enforcement personnel, or to facilitate illegal activity.

Evidence of Sex – No person shall transport within the state any turkey taken during the spring turkey gobbler season unless one leg and foot are left naturally attached for evidence of sex. The leg and foot shall remain attached at all times while being transported from the place where taken until they have arrived at the permanent residence of the possessor.

Hunter Education – All persons born after January 1, 1985, are required to provide proof of completion of a Montana hunter safety and education course or an approved hunter safety course from any other state or province prior to applying for or purchasing a Montana hunting license.

Hunting Hours – One-half hour before sunrise to one-half hour after sunset. Refer to the sunrise/sunset tables in these regulations.

It is unlawful for anyone to hunt or attempt to hunt any game animal or game bird:

- from any self-propelled (that is, motorized) or drawn vehicle. Even if the vehicle is not moving, hunters must be off or out of the vehicle. Holders of a Permit To Hunt From A Vehicle are the exception to this;
- from, on or across any public highway or the shoulder, berm, barrow pit or right-of-way of any public highway; or
- by the aid or with the use of any set gun, jacklight, spotlight or other artificial light, trap, snare, salt lick, or bait, as per Montana law. (Baiting shall mean the placing, exposing, depositing, distributing, or scattering of corn, wheat, or other grain or food sources so as to constitute a lure or attraction. Nothing shall prohibit the taking of birds over standing crops or harvested cropland or grains scattered as a result of agricultural harvesting.)

Limit – See license chart for cost per turkey license. The total combined harvest limit of the spring and fall seasons cannot exceed two turkeys per hunter. For example, if you kill two turkeys during the spring season, you may not hunt turkey during the fall season. To harvest two turkeys during

the spring season, hunters must take at least one turkey in administrative Region 7. See the fall Upland Game Bird Regulations (available in early August) for fall season bag limits.

Turkey hunters may use one of the following options to harvest a turkey during the spring season:

- harvest one male turkey in a general hunting area or a special permit area; or
- harvest one male turkey in a general hunting area or a special permit area and one male turkey in administrative Region 7; or
- harvest two male turkeys in administrative Region 7.

Means of Taking –

- a shotgun not larger than a ten gauge;
- a long, recurve or compound bow and arrow;
- non-toxic shot is required for all game bird hunting on Ninepipe and Pablo Wildlife Management Areas.
- prohibited methods or devices in taking game birds and animals:
 - the use of poisonous, explosive, or deleterious substances on or in any bullet, projectile or arrow is prohibited.
 - the possession of firearms with silencers while afield is prohibited.

Recorded Animal or Bird Sounds – It is unlawful to use any recorded or electrically amplified bird or animal calls, sounds or imitations of bird or animal calls or sounds to assist in the hunting, taking, killing or capturing of any wildlife except predatory animals, as per Montana law.

Tagging – Immediately after harvesting a turkey, hunters are required to validate the license.

- To properly validate a license (sometimes referred to as a tag):
 - the triangles denoting the month and day the animal was killed must be completely removed. Tearing, slicing or punching the tag is not legal.
 - Affix the license to the turkey so it remains secure and visible at all times.

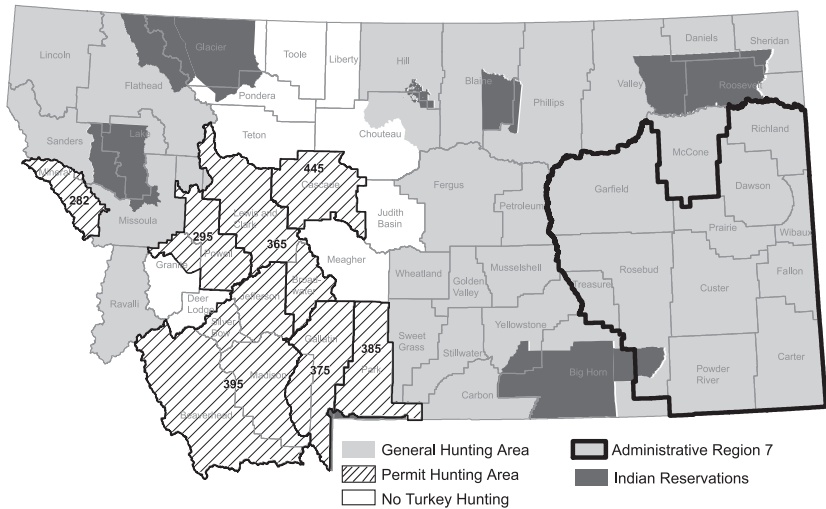

Two-way Communication – Two-way electronic communication (radios, cell phones, text messages, etc.) may not be used to:

- hunt game animals or upland game birds, migratory birds or furbearers as defined in Montana law (“Hunt” means to “pursue, shoot, wound, kill, chase, lure, possess or capture.”); OR
- avoid game checking stations, FWP enforcement personnel, or to facilitate illegal activity.

The rule does not prohibit the possession or use of two-way communication for safety or other legitimate purposes.

Wanton Waste – It is illegal to waste any part of any game animal, game bird, or game fish suitable for food. Following are turkey parts suitable for food: breasts, thighs and wings.
